When do you run this tour?

We run this tour from July to September and anytime during these months is the perfect time to go! Expect some snow on the trails in the spring season in early July. Spring is also the prime time to see alpine flowers in full bloom, the meadows coming alive with carpets of colour. Summer arrives in Daisetsuzan in August, when most of the snow has melted away. During September, the mountain sees a change in colour with the leaves ablaze with yellows, oranges and reds. The first snowfall usually occurs just before October on Mt. Asahidake which marks the coming end of the autumn hiking season.

Why hike in Hokkaido?

Diverse trails

Our mountains nationwide are covered with hiking trails which date back to Shugendo culture, Japan's ancient mountain asceticism. The trails were built over the years to reach the most prominent and sacred peaks. Information about these trails, however, remains untranslated to a great extent, especially so in rural areas. Together with our experienced local guides, you'll hit the road less travelled and explore hiking trails which date back centuries!

Flora & fauna

Hokkaido has evolved in its own unique way for millennia which has given rise to its unique flora and fauna. In the last ice age, Hokkaido was separated from mainland Japan but retained its connection with the Russian island of Sakhalin. Due to this, there are many species found only here within Japan, including brown bears, squirrels and chipmunks. Hiking in Hokkaido provides plenty of opportunities to spot these unique species.

Culture

There's no better way to experience Japanese culture than hiking with a local guide. Bathe in natural hot springs, savour the fantastic fresh seafood, local vegetables, fruit and even ice cream. And to complete your day as a Japanese adventurer, fall into a well earned sleep in futon bedding on tatami floors. It doesn't get any more Japanese than this!

Travel to the Meeting Point

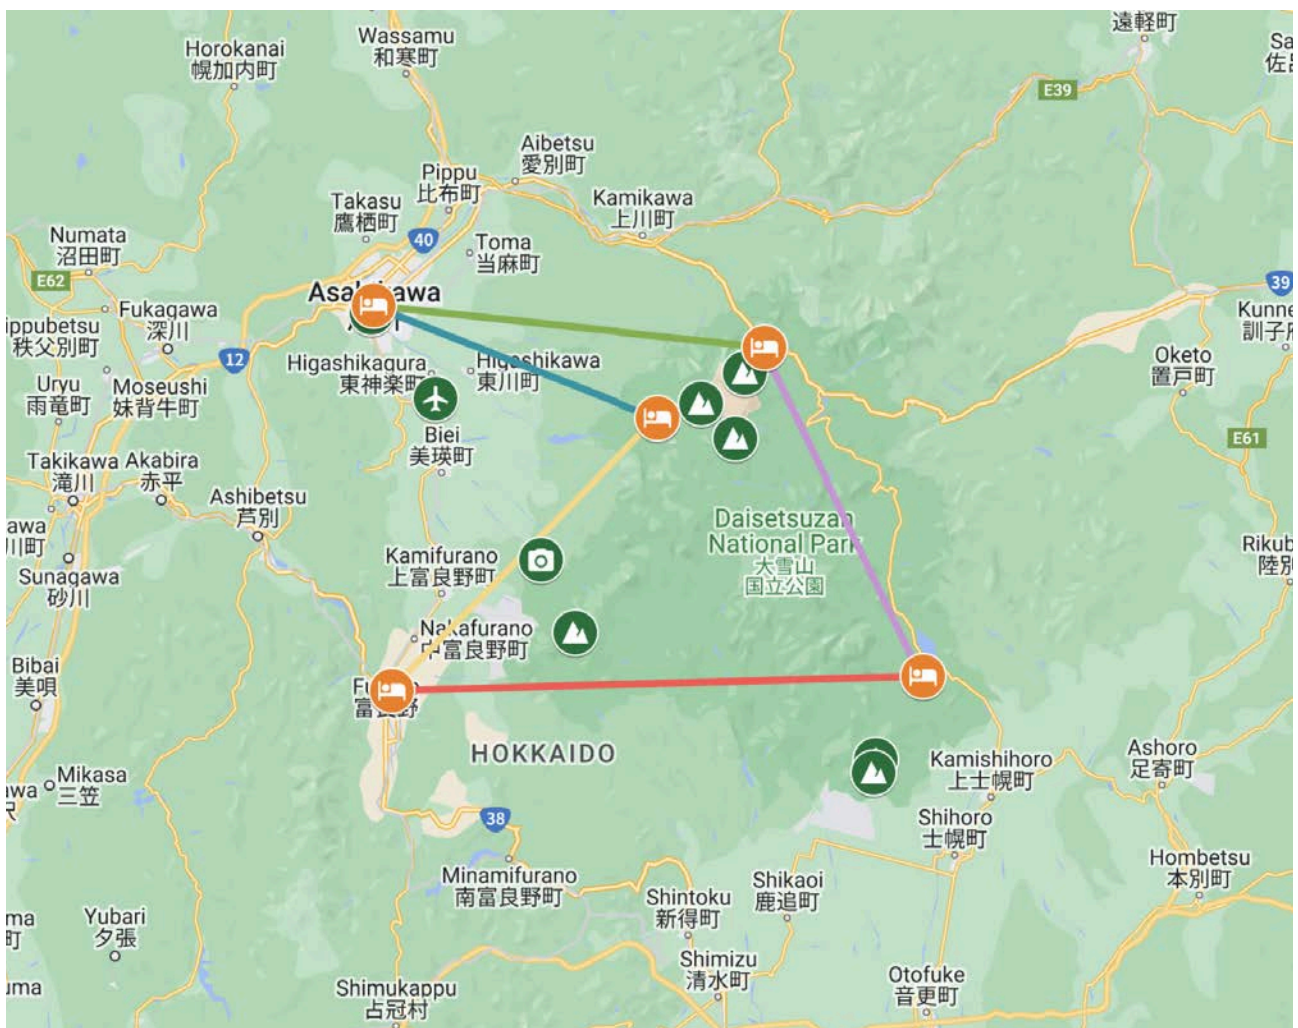

We will meet in Asahikawa between 9:00 am and 9:30 am on the first day. We recommend that you arrive in Asahikawa the day before departure to easily meet your group on the tour's first day. If you are flying into Asahikawa Airport (AKJ) from Tokyo Haneda on the first day, please make sure you reserve an early morning flight that arrives at Asahikawa between 8:30am and 9:30am. Day-to-Day Itinerary

Day 1 – Meet in Asahikawa, Hike up Mt. Kurodake

Your group will meet between 9:00 am and 9:30 am in central Asahikawa. Once everyone is together, we'll waste no time and hit the road to go to our first hike – Mt. Kurodake! We'll stop to buy a picnic lunch to enjoy later on the trail.

We'll take the Kurodake Ropeway followed by a chairlift to the 7th Station, located at 1,520m / 4,987 ft. From there, we'll pick up the trail.

Along the way, we'll be able to enjoy a number of alpine plants, as well as unusually-shaped rock formations, remnants of Mt. Kurodake's volcanic past. At the 1,984m / 6,509 ft summit, we can enjoy vast views into the heart of Daisetsuzan National Park.

After we summit the mountain, we'll descend back via the chairlift and stop by the Sounkyo Visitor Centre to refresh and learn a little more about the tour ahead. Afterwards, we'll take the ropeway back down the mountain to Sounkyo Onsen, where our accommodation is located. We'll enjoy a delicious dinner this evening and can refresh our muscles in the hotel's natural hot springs!

Day 2 – Hike to Daisetsu Kogen alpine ponds

Today we will have an early start and drive over to Kogen Onsen which is 1 hour away from Sounkyo Onsen.

Daisetsu Kogen serves as a trailhead for the popular Kogen Numa (alpine ponds) hiking trail. This area is far from civilization and home to a great number of native Brown Bears, (*higuma* in Japanese) which are occasionally spotted by hikers in early summer. After arriving we have a briefing at the Higuma Information Centre about bear activity and the latest sightings before we hit the trail.

Situated between 1,230m-1,460m (4035ft-4790ft) above sea level, Kogen Numa provides opportunities to observe alpine flora and over a dozen alpine ponds of various sizes scattered along the trail. Once we return from our hike, we board our van to transfer to Nukabira Onsen, a hot spring village situated by Lake Nukabira. We will stay overnight at a historical hotel that has been renovated into a modern Japanese-style inn and is run by a friendly local family.

Day 3 – Hike up Mt. Hakuunzan

We'll kick the day off with a drive along Lake Shikaribetsu on a road only open during the snowless months from April to October. After approximately 30 mins, we'll arrive at the start of the trail to Mt. Hakuunzan on the shore of Lake Shikaribetsu.

We will take a loop walk to the top of Mt. Hakuunzan (1,186m/3,890ft) and back on the lakeshore trail, which usually takes about 3 hours to complete.

From the summit there's a stunning view of Lake Shikaribetsu and if we are lucky, a chance to spot the Northern Pika (rock rabbit) in their rocky dwellings.

After our hike, we'll have lunch at a cafe on the lakeside before we drive for 2 hours to our accommodation in Furano. The Furano area is known for its flower gardens, fresh produce and scenic landscapes and the town is sandwiched between the Tokachi Volcanic Group and the Yubari Mountain Range. Tonight, we will dine out in downtown Furano.

| Meals | Hike | Ascent | Accommodation |

Day 4 – Hike up Mt. Sandan, Explore Biei

We'll check out of our hotel after breakfast and make our way to the town of Kamifurano, north of Furano city. After picking up some food for lunch, we will summit Mt. Sandan, a small peak nestled between several volcanic craters.

There are a couple of routes that we can take today and which we choose will vary depending on the group dynamic. Be prepared for some rocky scrambles up and downhill, but our efforts will be rewarded with a picnic lunch at the summit. As we eat, we can enjoy amazing views of the smoking summit of Mt. Tokachi and the almost Martian landscape of Ansei Crater sloping away below us.

We'll descend Mt. Sandan the way we came and take a little break this afternoon to explore the nearby picturesque town of Biei. Biei is part of the Association of the Most Beautiful Villages in Japan and is famous for its beautiful rolling hills, formed by rivers eroding ancient volcanic deposits.

After exploring Biei, we'll drive through the beautiful forests on the outskirts of Biei to Asahidake Onsen, situated at 1,100m/3,600ft above sea level on the slopes of Mt. Asahidake. We stay the night here in the crisp mountain air enjoying the natural hot springs fed by Mt Asahidake.

| Meals | Hike | Ascent | Accommodation |

| B, D | 4.7 km / 2.9 miles | 510 m / 1,670 ft | Hotel in Asahidake Onsen |

6 Day Hiking Tour

Day 5 – Hike to the summit of Mt. Asahidake

After breakfast at our accommodation, we'll make our way to the nearby Asahidake Ropeway for our final adventure. The ropeway will take us up to Sugatami Station, 1,600m / 5,249 ft above sea level on Mt. Asahidake, the highest mountain in all of Hokkaido.

After exploring an easygoing route taking us around Sugatami Pond, a small volcanic crater lake, we'll head for the trail to the summit of Mt. Asahidake. The entirety of this trail, while not too long, is a steep uphill, making it our most challenging ascent yet. But before we know it, we will reach the summit at 2,291m / 7,516 ft– a fitting conclusion to our adventure in Daisetsuzan National Park. We'll celebrate with lunch at the summit, gazing out across the park and Hokkaido.

After descending the ropeway, we'll hop back into our van and head to Asahikawa city, our tour coming full circle. We'll celebrate a successful tour together with a delicious local meal tonight.

| Meals | Hike | Ascent | Accommodation |
|---------|--------------------|------------------|--------------------|
| B, L, D | 5.8 km / 3.6 miles | 620 m / 2,030 ft | Hotel in Asahikawa |

Day 6 – Farewell in Asahikawa

Our tour finishes after breakfast at our hotel. You can walk over to JR Asahikawa Station nearby, from where you can take a train to Sapporo or a bus to Asahikawa Airport to head to your next destination. Itterashai!
